

# Pred MIG Welding Glove

## Product Description

- Top-Quality Heavy-Duty Split-Leather Glove
- Double-Palm and Thumb offers increased protection and padding
- Twaron® Heat-Resistant Thread for Increased Life-Span
- 100% Cotton Liner on the Palm and Fingers - Cotton does not melt when in contact with a flame, unlike Synthetic Fibres
- Elasticated Back of Hand for a Secure Fit

## Specifications

|               |             |                     |          |
|---------------|-------------|---------------------|----------|
| <b>Code:</b>  | PRED4-GLOVE | <b>Pack Size:</b>   | 10 pairs |
| <b>Liner:</b> | 100% Cotton | <b>Carton Size:</b> | 50 pairs |
| <b>Size:</b>  | 10          | <b>EN388:</b>       | 4234X    |
|               |             | <b>EN407:</b>       | 41314X   |

## Suggested Applications

- MIG Welding
- Construction
- Forging
- Metalwork
- ARC Welding
- Agriculture
- Engineering
- Fabrication

## Certification and Marking

## Limitations of Use

|                    |                                                                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Maintenance</b> | Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip.           |
| <b>Storage</b>     | Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation.                                                                      |
| <b>Disposal</b>    | Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority.                                                            |
| <b>Cleaning</b>    | Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt.                             |
| <b>Durability</b>  | The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves. |
| <b>Note</b>        | Due to the nature of this product the user is advised to carry out their own risk assessment before use, depending on application.                                 |
